SEEK \$10,000 IN POLIO FUND

Vol. 53, No. 6

We are hopeful that we will receive \$10,000 in our annual drive for funds for polio patients," Mrs. Joseph E. Codori, chairman of the county committee, said today in announcing that the 1955 campaign is well underway.

Last year Adams County raised \$9,033.99 in its January campaign and \$1,900 in the special mail campaign conducted during August at the request of the National Fonda-

This fund was divided three-ways. one-third was retained in the county, one-third was sent to the National Foundation and one-third was given to the national polio prevention fund. Heretofore all the money raised locally was divided in half with the National Foundation. This 50-50 division will prevail again this year, Mrs. Codori said.

Kendlehart's Dismissal Was "Political"

The dismissal of J. William Kendlehart Jr., as superintendent of highways for the Pennsylvania Department of Highways "was purely political," the Gettysburg Times learned from a reliable and official source.

The Times' Harrisburg niformant, who asked that his name not be used, declared that the dismissal was purely political "even though he has served 23 years and has but two years to serve to earn full retirement."

Kendlehart was transferred from Adams County to Carbon County last April despite a deluge of protests from local residents. That transfer was also labeled "political" and a "gubernatorial blunder."

Sixty-seven adults registered for the special classes to be conducted by the Gettysburg Recreation Association at registration night Thursday at the high school, Rogers Herr. director of the night classes, said to-

"We have sufficient registrations to begin classes in typing, shorthand, wood work and painting," Herr said. "Typing and shorthand classes begin next Monday evening at 7:30 o'clock at the high school. Wood working classes begin next Thursday evening at 7 o'clock and the painting class begins the same evening at 7:30 o'clock.

Five registered for leather work and crafts, Herr said. However, five more are needed for these classes before they can be started. Herr appealed to men and women to register for these courses so that they can get started at once.

The director also appealed for several more registrations for the cooking and sewing classes which are also scheduled to begin next Monday evening at 7:30 o'clock.

"We cannot start a class unless we have ten students. Those who have registered for the cooking sewing class are anxious to get started but must wait until we secure our minimum enrollment of ten persons," Herr added.

Sullivan, who is the top point man for the Mount squad, again took the scoring honors with 30 points on 10 goals and as many fouls. Sal Angelo, center, accounted for 19 and Eddie Bals landed

American U., usually a troublesome outfit for the Mountaineers, kept pace with Jim Phelan's outfit throughout the first half, thanks primarily to the jump shots of Frank Weiss, center, who wound

up with 26 tallies. Mount Pulls Ahead

With Sullivan connecting on a wide assortment of shots, and aided by Angelo and Bals, the Blue and White took the lead early in the second half and midway in the last half were on top 69-60. From that point on the Mount continued to widen its advantage.

The victory gives the Mountaineers an overall season record of 7-2. They lead the Mason-Dixon loop with a 4-0 record.

The Eagles have won but two games in 14 starts and have a 0-3 log in the conference.

Mt. St. Mary's takes a two-day jaunt early next week, meeting Hampden-Sydney and Roanoke on Monday and Tuesday on foreign WININGER LEADS courts.

Patterson probably is fighting his last eight-rounder because he became 20 last Tuesday and thus eligible to go 10 rounds by New York law. The contract for this bout, originally scheduled for Nov. 19, was signed before he reached fistic age.

Patterson, winner of 18 of 19 bouts since he turned pro after winning an Olympic title at Helsinki in 1952, is an 18-5 favorite over Troy, beaten only twice in 32 pro fights.

Patterson lost a debated decision to Joey Maxim, former light heavy champ, in his home town of Brooklyn June 7.

Holly Mims stopped Troy in Washington March 4, 1953, and Joey Giardello dropped him three times before Referee Al Berl stopped it in the seventh round st March 19 at the Garden.

ADVERTISE IN THE TIMES

BIG TEN MAY

By MURRAY ROSE

NEW YORK (A)-The rebelling Bear and Hankey netted 19 and Big Ten may force an all-or-18 points, respectively, for the win- nothing showdown today in the ners. Cline and Myers each looped NCAA convention over the dynamite-laden football television problem-a showdown that possibly could wreck the 49-year-old or-

> ganization. H. O. (Fritz) Crisler, University of Michigan athletic director, yesterday demanded more liberal television along national-regional lines, or else the Big Ten might go ahead on its own. The Big Ten plan calls for nine regional and

four national telecasts. And another Big Ten figure said 3 he planned to ask the NCAA o membership to vote today on a 3 resolution for regional TV.

10 "If the convention turns it 0 down, my school will go ahead and 10 arrange to televise its games on its own," added the representative, 26 who asked anonymity.

Such unilateral action normally would result in expulsion from the Hanover 7 3 8 8-26 NCAA and force the national organization to order its members not to compete with the insurgent. Thus, the school would not have anyone to play with let alone telecast a game. But the Big Ten apparently wants to get the explosive issue settled now instead of two or three months later if normal pro-

> cedure were followed. Crisler, in making his dramatic pronouncement in a 25-minute talk, said his powerful and influential conference would stick by any member forced to break ranks by

state legislative pressure. Gates Would Be Open

177 In such an event, national controls on TV would be finished and the gates to unrestricted television would be wide open. This is what Notre Dame and a number of other schools have been advocating for several years.

Crisler made his statement in a 164 round-table discussion of six possi-146 ble plans for telecasting this fall. After the oratory, the members voted in a secret straw ballot. The results of the poll were not to be disclosed and were to be used for the guidance only of the 1955 NCAA TV Committee to be chosen today. This committee, normally, would digest the information, delve into 188 every angle of the situation, and

be voted on by the members via the mails. But Father Edward P. Joyce, vice president of Notre Dame, said he will ask that the vote be disclosed today so that the sentiment

The blaze broke out shortly after 3 a.m. Mrs. Joseph Knoll, advertising manager of the paper who lives in a second floor apartment next to the plant, said she was awakened by the clanging of the sprinkler system. All available fire apparatus in the city responded.

Mrs. Knoll said the press was operating at full speed while flames icked from the oily pits below. First reports said the blaze apparently was caused by a short gircuit. No immediate estimate of

the damage was made. A spokesman for the company said the short circuit apparently touched off the blaze and started the electrical machinery. The plant

was unmanned at that hour. Tentative arrangements were made to publish the paper at the plant of the Titusville Herald at Titusville-some 40 miles away. But a spokesman for the Warren Paper said an 8-page edition may be able to be printed in the local
